2018’s Mardi Gras Parade was a spectacular evening of passion, pride and protest, with thousands of LGBTQI people and their champions from all across the globe uniting in creative self-expression and a celebration of diversity and equality.

The dazzling display of self-expression, reflection and celebration is sure to go down in history as one of the most iconic in its four-decade history.

Among this year’s floats there were many paying tribute to the original Mardi Gras marchers, our 78ers, and our 40 year anniversary. Over 200 78ers from all over Australia made their way to Sydney to lead the Parade.

Marchers from all over the nation were out in force. Representing the beaches around Australia with the Surf Life Savers with Pride float, showing the world the Northern Territory’s unique LGBTQI community, and celebrating the LGBTQI activist groups of Tasmania. From a global perspective, Sydney’s Indonesian community group Setamat Datang GLBTQI brought to light the struggle for equality that people in other parts of the world are facing.

There were more tired viewing platforms at Diamond Club in Taylor Square than ever before. Both the Diamond stands and Sideshow seating on Flinders Street were sold out weeks in advance. And for the first time, Rainbow Families had their own viewing stands to get their own-great view of the Parade.

Our superstar special guest Cher had appeared at the Parade where she’d seen an amazing drag queen Cher-themed show to welcome her, and at the Party she performed her hits All Or Nothing, Strong Enough and Believe in Yourself. At the Laneway, our superstar special guest Cher had appeared in a drag queen Cher-themed show to welcome her, and at the Party she performed her hits All Or Nothing, Strong Enough and Believe in Yourself.

Mardi's annual Queer Thinking conference returns to Carriageworks on Saturday 16 March, with an action-packed program of 7 panel events and a workshop for students. Our speakers this year represent LGBTQI communities from around the world and will discuss the theme of ‘Diversity and Inclusion’.

Our annual Party was back bigger and better than ever with Cher as the headliner. Cher had appeared in a drag queen Cher-themed show to welcome her, and at the Party she performed her hits All Or Nothing, Strong Enough and Believe in Yourself.

40 Amazing Years of Evolution! What a Year! What a History!

This year we slowed our pace a little, gathered together, and stood in solidarity to honor the incredible community and amazing people who have worked so hard for social justice and 40 years of the Sydney Gay and Lesbian Mardi Gras. We paid homage to our 78ers and our vibrant senior LGBTQI community and learnt from their incredible stories of activism. Before sitting to write the CEO report this year, I took a romp back through 40 Years of Mardi Gras Annual Reports. What struck me about those annual reports was how many years of Mardi Gras all promoted the biggest and best yet!

So I have been pondering this - what makes a great Mardi Gras year? Is it the year where every party sells out? Is it the biggest street parade of all time? The biggest profit? How many years of Mardi Gras all promoted to be the biggest and best yet?

Before sitting to write the CEO report this year, I took a romp back through 40 Years of Mardi Gras Annual Reports. What struck me about those annual reports was how many years of Mardi Gras all promoted to be the biggest and best yet!

Or is it a great year in fact just like our 40th - a year where we saw a groundswell of activation from within our community, reuniting community and bringing voices of activism bubbling back to the surface of creativity and debate? The year that gender diversity reined true across our programs and we saw young people engaging with our past and taking to the stage with new forms of creative activism? The year we saw over 200 78ers gather again from across Australia and take to the streets, the stages, the microphones and the media megaphones.

The transformation of Mardi Gras is a project we began anew every season and does not have an end in sight. It is not a vision to be the biggest, or make the most money. It requires diverse teams of many minds, dedicated to working together – listening to our community and then being brave enough to take the lead on strategic change. We must continue to transform our programs and our festival to remain relevant – and to take the lessons of our past with us, inspiring us as we change lives.

This is my second year as CEO and I was honored to work with the dedicated new SGLMG Board and the extraordinary team of staff already making impactful progress. It is a privilege to be one of the caretakers of this extraordinary organisation and I strongly believe that Mardi Gras has a great future. In many ways, the organisation is more important than before, in this conservative political world dominated by doubts and fears. It is vital that our community has powerful platforms for protest, where we can come together to celebrate diversity, showcase creativity and voice refreshing alternative views. It might be the smallest of voices that make the biggest impact.

Our staff and Board worked closely with our community and partners to celebrate our LGBTQI identity and the power and beauty of diversity. What many remember about Mardi Gras is the extraordinary passion the organisation invokes in our diverse community. From the passionate dedicated volunteers, contractors and staff who give enormous amounts of their time and energy, to the creative innovation of our artists, producers and creative teams who weave their creative brilliance across our parades and festivals.

Engagement with the community continues to be a priority for Mardi Gras and there is much work to be done in this space. We were delighted to support over 100 community events across Sydney in our 40th Mardi Gras Festival. Our wonderful First Nations partnership with Koori Gras placed Aboriginal programming front and centre in our Festival and this year Koori Gras formed part of our Festival program at Carriageworks alongside Queer Thinking and Sissy Ball, our new Mardi Gras hub featuring Koori Gras, Rainbow Families viewing area alongside Queer Thinking, the sensational Trans Stories and the inaugural Sissy Ball.

Mardi Gras created four special floats in the Workshop for the 40th anniversary Parade that highlighted and celebrated some of those key defining parade moments, costumes and floats. The Evolutionary Dinner Party, a wonderfully surreal dinner party procession, featured iconic Mardi Gras costumes worn by 40 dinner guests, pink Butterfly chains, giant hot pink Mardi Gras champagne bottle, a giant hot pink Mardi Gras champagne bottle, and the 2018 Evolutionary poster that became a table and Fred Nile and Pauline Hanson’s heads on platters that were served up for dinner in Taylor Square. The Lesbian Marching Girls featured 80 women in homage to all who have marched before or are marching again and brought back some of those highlights to showcase the commitment and talent of these fabulous women. The Remembrance Butterflies was a tribute to those who have died of AIDS/HIV related illnesses, and featured a sea of 60 stunning butterfly puppets covered in red glitter that scattered their way up Oxford Street. The final float, Thank You from the Bottom of Our Hearts celebrated 40 years of Mardi Gras volunteers.

Thank you everyone who helped in making the 2018 Mardi Gras so special, exciting and fun. We aimed to highlight our amazing evolution, momentous achievements, extraordinary individuals and wonderfully diverse communities in the best possible way we could – we hope we delivered.
The relevance of the organisation, and the resilience of our communities must never be underestimated. The path we have taken to get where we are today should never be forgotten. This year we celebrated 40 years of a history which has changed lives, changed and reshaped our city, and changed what it means to be proud of who you are.

Sydney Gay and Lesbian Mardi Gras is an event that truly changes lives. For forty years we have come together to protest, to celebrate and to connect. We came together this year once again to show that we are a community that celebrates love, challenges norms and throws an amazing party. How incredible to hold our first Mardi Gras festival since the Australian public overwhelmingly voted in support of marriage equality at the same time as our 40 year celebration. While we celebrated these two remarkable achievements, it served as a reminder to us all that we still have many battles which are not yet won and which deserve our attention.

Sydney Gay and Lesbian Mardi Gras will always provide a platform for those who are still fighting for dignity and equality. Across the forty years of our organisation, one thing has always been at the heart of who we are and what we do. That commonality is people. It is the passion and creativity of our communities and those who support us that ensures our event is a world leading, inspiring beacon of love. This year, as always, we are humbled by the blood, sweat and sequins of thousands of volunteers, hundreds of artists, kilometres of marchers who commit to our shared vision and values, and volunteer time and energy to ensure that we shine for the weeks that we take over Sydney. We can never express how thankful we are to all of you.

We are in love with the sweaty, glitzy masses that join us on the dance floors at the end of it all, when we come together to be with our tribes and put our hands in the air for pride and for passion as so many have done before us, and so many will do in the future. As amazing as it was to have Cher join us for Party this year, the true headline is always the people on the dance floor, and those spilling out across the multi venue party – the energy of twelve thousand people is something that no superstar could outshine.

Key to our ongoing success is our membership, and we thank all of our new and returning members. In 2018 we have recorded an increase in membership which translates to more people having a say in how this organisation represents you. In past years our membership has asked us to consider diversity and sustainability, and we believe that working with CEO Terese Casu and Creative Director Greg Clarke, we have delivered on those asks. Our festival in 2018 was a vibrant and eclectic mix of cultures, ages and sexualities that reflected the brilliant iridescent populations who make up the LGBTIQ populations of the world. Alongside that creativity and vision was responsible and sound fiscal decision making that has led us to once again be able to deliver a profit which will go back into the organisation and community through programs such as the SGLMG and ANZ Partnership Grants which will deliver huge change to community groups across Australia throughout the year.

We would like to thank our partners who we work with to ensure that diversity and love can be made centre stage in Sydney each year. Our Principal Partner, ANZ has worked with us for over a decade now, and our relationship with them has seen amazing things happen within our organisation, and also allowed us to develop staff to feel their own sense of pride and importance at work. Our strategic partner, Destination NSW is acutely aware of the importance of Mardi Gras and our government partner, City of Sydney, support us to make our event world class. A huge thank you to SBS which brings the parade to an audience of millions through its broadcast, enhanced with stories of what makes our community incredible.

Everyone involved with Mardi Gras knows that there is nothing in the world like what we do. There is no queer arts festival that offers such a platform, there is no night time pride parade with such shores, there is no Fair Day that has such a vibe of family coming together to celebrate and be one. And certainly, there is no place where all of this comes together during a few glorious weeks in February and March under the Sydney Summer sun. Everyone knows that they are part of something incredible, and that we are working towards a legacy of a strong, progressive and representative organisation that will continue to be unique, challenging and admired the world over. This year has been about celebrating our wins and history, but also understanding that we will continue to, defend and fight for our freedoms into the future. We look forward to working towards these goals with our members and our communities for many years to come.

In December 2017, 159 78ers were given Mardi Gras Life Membership as a special way of kicking off the massive celebration of our past 40 years of history. To further strengthen our connections with the 78ers, this year we also saw the establishment of the Mardi Gras 78ers Committee.

Six well-known activists, who contributed to those momentous events of 1978, have been elected to the Committee by 78ers Life Members via postal vote. Working alongside the staff and Board, the Committee provides a forum for all 78ers who wish to engage with Mardi Gras as we look to the 41st anniversary and beyond.

**THE MARDI GRAS PARADE & FESTIVAL GIFT FUND**

The Mardi Gras Gift Fund (the Public Fund) was established in 2012 and manages donations from the public under Mardi Gras Arts Limited status as a Deductible Gift Recipient (DGR).

The Public Fund Committee has independent responsibility for the management of monies received by the organisation as donations and the disposal of those funds to Mardi Gras Arts projects.

Since its inception the Public Fund has raised over $158,000 through bucket shaking, direct giving and the new Mardi Gras 40th Foundation Circle.

This year the Public Fund released $40,000 in co-funding with the City of Sydney to create artists Matthew Akerman and Maurice Goldberg’s inflatable art work which was on display at Taylor Square until 1 September 2018. The Public Fund continues to grow, and after donations and grants received during the year ended 30 June, 2018, stands at $118,636.

As the organisation continues to grow its charitable fundraising, the Public Fund Committee will contribute to create a long term sustainable organisation through stronger investment strategies and programmes to maintain the stewardship of monies donated to the organisation.

**2018 ANNUAL REPORT**

While we take time to reflect on an amazing season, it is also important to think about the future. The organisation has been working hard to ensure unity, stability and financial security in order to continue to provide for our communities.

The board has committed to an ongoing process of mapping our skills and experience and engaging support through our Board Associate and Committee programs. Board Associates have added to the rich diversity and breadth of knowledge around the board table for a number of years, and the organisation is excited to continue working with people who bring unique perspectives to governance conversations.

We are also excited to continue working with committees, this year our committees contributed to several important processes including developing changes to the membership model and establishing links with LGBTI community groups.

We are proud to launch our Strategic Plan, a document which sets our high level goals for the next three years. This document, which has been taken to staff, board and community consultation, outlines our vision, values and objectives. The new plan has an increased focus on diversity, supporting artists, community access and social justice.

We are confident that this document will ensure that all our staff and volunteers are working together towards our vision of global leadership in the promotion of diversity, inclusion, equity and social justice through culture, creativity and collaboration.

We are excited to showcase our new values and strategic directions that have been refined not only to reflect the work that the organisation has been doing over the last few years, but to respond to feedback from our community that we should increase our focus in some areas – especially developing a social justice presence and developing sustainable practices in relation to our place in the environment.

The new plan, will form the basis of operational plans and help guide executive decision making calls out the diversity in our communities, and reflects the important place Sydney Gay and Lesbian Mardi Gras has in developing arts and culture and providing a platform for the multitude of voices and stories that LGBTI people have to share. We are particularly proud to call out the life-changing nature of our festival. While many people reading this would be acutely aware of its importance, this event is, naming one of our values as ‘Changing Lives’ ensures that the future of this organisation is reminded that all our work, and all our decisions should be geared towards ensuring that we continue to meet this lofty goal.

For forty years this organisation has never stood still – it’s impossible when you are working to lead the pack. As we look forward to our future, both near and far, we have no intention to rest on our laurels now. This communities we work with and for continue to change, and the challenges we face at home and overseas still remain.

For this reason, we have developed a plan that rejects complacency, calls for action and requires us to listen closely to our members and stakeholders. We hope you will join us on this journey through sharing your ideas with us, becoming a member and contributing to our decision making process, or simply by being part of what we do.

COMMUNITY
Connecting with our LGBTQI communities is vital, not just during our own Mardi Gras season, but all year around.
SGLMG now has a full-time Community Liaison Manager who helps promote key events, campaigns, news, and special offers to our members and wider networks. We aim to cherish our LGBTQI communities and help keep our neighborhoods informed and empowered.

For 2018, Mardi Gras staff consulted with a number of community focus groups and alumni who advised on our 40th anniversary celebrations.
We spoke out against the public vote on same sex marriage and took to the streets to promote the YES campaign.
We applauded the resounding YES survey result and passing of marriage equality into law at last.
In the past year Mardi Gras has also been visible at the Melbourner’s Midsumma Carnival, the Parramatta Pride Picnic, Newcastle Pride, Sydney’s Pride Festival, the First Nations Rainbow launch, the Aurora Ball, Wear it Purple Day, and the City of Sydney’s LGBTQI picnic day in Harmony Park. A merry band of Aussies even raised the Mardi Gras banner at WorldPride in Madrid and the CEO attended the Interpride Conference in Indianapolis USA.

HONOURING OUR 78ERS
We acknowledge that Mardi Gras is built on the backs of those that came before us and that our history is our strength.

Our aim is to better support, celebrate and champion our pioneering 78ers each and every year.

Mardi Gras provides up to $10,000 for the 78ers Float to lead the Parade up Oxford Street behind the First Nations Float. For 2018’s very special 40th anniversary event we were also pleased to provide $5,000 towards 78ers experiencing financial hardship to help cover costs for travel across Australia to come to Mardi Gras. For those wanting to be spectators, we also set aside a dedicated viewing space on the Parade Route with easy access to toilets as well as complimentary travel back to Central station after the Parade.

Many more 78ers were keen to join us at the Party this year. Our usual allocation of 20 complimentary Party tickets was drawn out, and an additional 80 discounted $45 tickets were offered. They wanted the Party spaces to be more accessible this year so many more seating options were made available in various Party spaces, including in the Hordern, the Rhi and outside.

We were so pleased to support the 78ers activation at Fair Day and provide a dedicated marque for the group to share their important history with Fair Day visitors and invite them to provide a welcome message to the 80,000 attendees there on the day.
In 2018 we also started a 78ers Committee to help form tighter bonds between Mardi Gras and 78ers. There are now 159 78er ‘Lifetime Members’ of Sydney Gay and Lesbian Mardi Gras who don’t have to pay any annual fees. More will be added at this year’s AGM.

40 YEARS OF LOVE
Maurice Goldberg and Matthew Aberline’s bright, bold, sassy and sensational inflatable installation celebrated 40 years of Mardi Gras. On display in Taylor Square for two months, the artwork was created with the support of the City of Sydney. Lord Mayor Clover Moore was there with the artists to launch it with us on the 1st of July, before we toasted 40 years of Mardi with our members and many 78ers at the Beresford Hotel.

In season 40, the Mardi Gras Workshop produced 13 floats, along with assisting the First Nations and the 78ers groups. The Workshop also produced props and scenic for Fair Day and Party.

This year the Mardi Gras Workshop Costume department designed and produced 190 costumes including the ‘Lemons’ Lesbian Marching Girls Group, the stunning AIDS Memorial butterflies, and recreating iconic Peter Tully, Brenton Heath-Kerr and Philippa Playford costumes for the parade and a recreation of the Captain Cook costume and ‘Gingham Woman’ for The Museum of Love and Protest.

The Workshop crew is made up of highly skilled artisans and artists that come from carpentry, welding, sculpture, painting, scenic and costume-making backgrounds.

In a year when LGBTQI social justice was at the forefront of public discourse, Partnerships at Mardi Gras grew significantly as businesses came together with the community to support Marriage Equality and celebrate our achievements.

At Mardi Gras, we partner with businesses demonstrating a commitment to supporting their own LGBTQI staff and customers, while sharing our vision of equality and diversity. These generous partnerships provide vital support that furthers our ability to create innovative and engaging programs, and to broaden our message of equality. By developing and fostering strong relationships with government and businesses, Mardi Gras is able to provide significant subsidies which increase accessibility and community involvement in the festival.

With a record number of partners during our 40th anniversary year, dedicated partnership staff provided a comprehensive program of benefit delivery that kept partners engaged and creatively integrated to the festival. Mardi Gras cash income rose by 31% in comparison to 2017 with a combined government and corporate investment of $2,870,909. Contra investment from both government and corporate support rose by 22% to $726,562.

Mardi Gras continued its partnership with Strategic Sponsor, Destination NSW, helping to deliver the world acclaimed Mardi Gras Parade, and profile the festival as a key tourist attraction in Sydney and NSW. The City of Sydney also continued to support Mardi Gras and the LGBTQI communities in many ways in 2018.

Mardi Gras celebrated our fourth fantastic year with ANZ as Principal Partner, whose involvement as a sponsor is now in its twelfth year. Celebrating Australia’s victory in passing Marriage Equality, ANZ’s #SoMuchYay campaign honoured our community’s achievements across Australia. Importantly, our partnership with ANZ also launched the ANZ and Mardi Gras Community Grants Program which supports a diverse array of LGBTQI projects and causes nationally at a grassroots level.

Broadcast partner SBS continued its integral support of Mardi Gras, with the broadcast available nationally via SBS On Demand and SBS free-to-air TV, reaching 1.4 million people. In 2018 Mardi Gras collaborated with Red Bull to co-present the inaugural Sissy Ball, and with Medibank to create the Family Fun Day at Sydney’s iconic Luna Park.

Mardi Gras received a record 8 billion engagements in the media this year due to our fabulous publicist, Cardinal Spin, and collaborative partnerships with: KIS 1065, Star Observer, JOY FM, BuzzFeed, Cosmopolitan, DNA magazine and of course, SBS.

Mardi Gras official Supporters and Suppliers for 2018 were: ACON, IVFAustralia, Lush, Australia Post, Minter Ellison, Woolworths Group, SKYN, Gayle, Sparkke, HPG and IGLTA.

Mardi Gras would also like to thank the important contribution made by our Festival and Venue Partners: Queen Screen, Art Gallery NSW, Sydney Opera House, Maquahita Performing Arts, Playbill Venues, Luna Park, The University of Sydney, Carriageworks, the National Art School, Seymour Centre and Trans Sydney Pride.

Each year Mardi Gras works with numerous production companies and suppliers to deliver the festival. In 2018 we’d like to thank Fourth Wall, Motherhood Events, Hamiltons Hospitality, Pink Media and Playbill Venue Management for their incredible work during Sydney Gay and Lesbian Mardi Gras.
In 2017 we announced the completion of Stage I of our transformation programme. The organisation now has $721,570 in liquid reserves to support our on-going operations, it is with this knowledge that the organisation committed to a new programme of community grants and support funded from both operational surpluses and corporate partnership programmes. The underlying result of $343,470 exceeds our original budget for the year of $80,567 and reflects the organisations strong focus on cost management and community investment.

K E Y  P E R F O R M A N C E  I N D I C A T O R S

• Revenue for the year was $7,562,858 an increase on budget of $1,396,987 and a significant improvement on 2017 of $2,143,521.

This improvement in revenue was driven by three major factors:

1. Ticket revenue was $2,824,489 an increase on budget of $666,279 and on 2017 of $972,926. This variance was driven principally by ticket sales for the main party which were $775,384 ahead of budget. The average ticket price for the main party increased 15.4% from $100.89 to $115.12.

2. Sponsorship was $2,850,495, a positive variance to budget of $110,495 and a significant improvement on 2017 of $864,184.

Corporate sponsorship remains a key part of our overall funding programme, that allows us to present the biggest LGBTIQ night time event in the world, support our community grant programmes and fund a number of free events for community including Fair Day and the Museum of Love and Protest.

3. License fees were $829,673 compared to budget of $528,171 improvement of $301,502 on 2017. The improvement was driven by an increase in the level of participation by stall holders at Fairday and across the Festival programme.

• Cost of Sales (Events) was $5,157,845 compared to a budget of $3,947,607 a variance of $1,210,438 to budget and $1,858,805 on 2017. The increase in Cost of Sales over budget was driven principally by the increased costs of the main party.

1. The main party costs exceeded the original budget by $910,543. These cost increases relate principally to artist fees including headline talent ‘Cher’, production costs, and the expanded party footprint which increased sales capacity to 14,500 tickets.

These cost increases were fully funded by the increased ticket sales. Refer to Note above.

This year the organisation added two additional free events as part of the 40th anniversary celebrations. These events were funded from commercial sponsorships as free events.

• This year’s launch event at Sydney Opera House in celebration of our 40th anniversary was important to mark the significant history of SGLMG and light the Opera House sails in the rainbow colours that was beamed across the world. The Opera House cost $230,864 in line with budget but significantly greater than costs incurred in 2017 of $255,791 a non-anniversary year that was presented in the MIG workshop.

• This year we also presented the Mardi Gras Museum of Love & Protest at the National Art School. This was the signature event of 2019 that celebrated 40 years of Mardi Gras and community history which came in under budget at $145,449.

Cost of Sales have continued to increase over the last 3 years reflective of the increased costs of security, and target hardening for terrorism mitigation to ensure audience and participant safety.

• Gross Profit was $2,405,013 an improvement on budget of $144,916 and $284,716 on 2017. The improvement in Gross Profit is partly due to an increase in revenue see note above, and the reallocation of event costs to Expenses. Please refer to the additional note above in respect to the allocation of contra expenses to Cost of Sales in the Financial report.

• Expenses were $2,355,729 an increase on budget of $164,575 and a significant increase on 2017 of $403,027. The majority of the increase in Expenses relates to staffing of $145,691 over budget including the new part time roles of Parade Producer, Partnership Coordinator and Designer.
COMMUNITY SEGMENT

Community generated a loss of $119,509 compared to 2017 ($32,974) a negative variance of $152,456. The variance mainly related to $154,818 in community and support grants. The Mardi Gras Public Fund and City of Sydney contributed $120,000 to the creation of the 40th inflatable arts installation at Taylors Square and $34,818 to a number of organisations during the Marriage Equality debate. These funds were used to promote the campaign as well as support organisations promoting and supporting mental health during the Marriage Equality debate.

78ER SUPPORT

In addition to travel assistance, over $20,000 was committed to 78er parade development and celebrations. The majority of this expenditure sits in the over all Parade budget and the Museum of Love and Protest special 78ers celebration event.

In the current Financial Year we also negotiated a grants partnership with ANZ to provide support to LGBTQI communities across Australia. Of the total budget of $140,000 Mardi Gras contributed $40,000 and ANZ contributed $100,000. A total of $100,000 was allocated to 18 LGBTQI Community projects. Administration expenses include developing a grants web portal for future grant administration.

COMMUNITY GRANTS AND SUPPORT

As part of Stage 2 of the organisations transformation Mardi Gras has now delivered over $400,000 in community grants and support funded by corporate partnerships with Google and ANZ and from its own surpluses.

Independent Auditor’s Report to the Members of Sydney Gay and Lesbian Mardi Gras Limited

Opinion

We have audited the financial report of Sydney Gay and Lesbian Mardi Gras Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 30 June 2018, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and the directors’ declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the Australian Charities and Not-for-Profits Commission Act 2012 statements, including a summary of significant accounting policies, and the directors’ declaration.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor’s Report Thereon

The directors are responsible for the other information. The other information obtained at the date of this auditor’s report is the directors’ report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the Australian Charities and Not-for-Profits Commission Act 2012 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor’s Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group’s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
• Conclude on the appropriateness of the directors’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Sydney Gay and Lesbian Mardi Gras Ltd (‘SGLMG’, The Company or the parent) is a company limited by guarantee domiciled in Australia.
The Group’s principal place of business and contact details are:
Address: Suite 6, 94 Oxford Street, Darlinghurst NSW 2010

The Group is a not-for-profits group and is primarily involved in event management and the production and co-ordination of the Sydney Gay and Lesbian Mardi Gras Festival.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated. The consolidated financial statements are for the entity consisting of SGLMG and its controlled entity Mardi Gras Arts Ltd.

Note 2: Basis of preparation

(i) Statement of Compliance
These general purpose consolidated financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board and the Corporations Act 2001. SGLMG is a not-for-profits entity for the purpose of preparing the consolidated financial statements.
The consolidated financial statements of SGLMG comply with Australian Accounting Standards – Reduced Disclosure Requirements as issued by the Australian Accounting Standards Board (AASB) and requirements of the Australian Charities and Not-for-Profits Commission Regulation 2013.
The consolidated financial statements were authorised for issue in accordance with a resolution of the directors on 21 August 2018.

(ii) Basis of measurement
These consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets and liabilities (including derivative instruments) at fair value through profit or loss, certain classes of property, plant and equipment and investment property.

(iii) Functional and presentation currency
Items included in the consolidated financial statements of SGLMG are measured using the currency of the economic environment in which the Group operates (‘the functional currency’). The consolidated financial statements are presented in Australian dollars, which is the Group’s functional and presentation currency.

(iv) Use of estimates and judgements
The preparation of consolidated financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 6.

(v) Comparative figures
Comparatives figures have been adjusted to conform with changes in presentation of current financial year.

Note 3: Significant accounting policies
The accounting policies set out below have been applied consistently to all years presented in these consolidated financial statements, and have been applied consistently by the Group.

(a) Consolidation
SGLMG has the same Board of Directors as Mardi Gras Arts Ltd. This consolidated financial report reports the consolidated results of both entities.

(b) Foreign currency
Foreign currency transactions
Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss, except when they are deferred in equity as qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation.
Foreign exchange gains and losses that relate to borrowings are presented in the income statement, within finance costs. All other foreign exchange gains and losses are presented in the income statement on a net basis within other income or other expenses.
Note 3: Significant accounting policies (continued)

(c) Financial instruments

Loans and receivables comprise cash and cash equivalents and trade and other receivables.

Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Trade receivables are generally due for settlement within 30 days. They are presented as current assets unless collection is not expected for more than 12 months after the reporting date.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off by reducing the carrying amount directly. An allowance account (provision for impairment of trade receivables) is used when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired. The amount of the impairment allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. Cash flows relating to short-term receivables are not discounted if the effect of discounting is immaterial.

The amount of the impairment loss is recognised in profit or loss. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

(ii) Non-derivative financial liabilities

All other financial liabilities are recognised initially on the trade date, which is the date that the Group becomes a party to the contractual provisions of the instrument. The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expired.

Other financial liabilities comprise loans and borrowings, bank overdrafts and trade and other payables.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(d) Property, plant and equipment

Items of property, plant and equipment are measured at historical cost less accumulated depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items. Cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting year in which they are incurred.

Items of property, plant and equipment are depreciated from the date that they are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use. Depreciation is calculated to write off the cost of property, plant and equipment less their estimated residual values using the straight-line basis over their estimated useful lives. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term.

The estimated useful lives for the current and comparative periods of significant items of property, plant and equipment are as:
- Leasehold improvements 5 years or until expiration of lease
- Plant and equipment 4 or 5 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting year. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.
Note 3: Significant accounting policies (continued)

(e) Intangible assets

(i) Trademarks and licences
Trademarks and licences have a finite useful life and are carried at cost less accumulated amortisation and impairment losses. Amortisation is calculated using the straight-line method to allocate the cost of trademarks and licences over their estimated useful lives, which vary from 10 to 30 years.

(ii) Software including www.mardi.gras.org.au website
Acquisition costs incurred in developing the Website and acquiring software and licenses that will contribute to future period financial benefits through revenue generation and/or cost reduction are capitalised to software. Amortisation is calculated on a straight-line basis over periods of 3.7 years.

(f) Inventories
Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the first-in first-out principle, and includes expenditure incurred in acquiring the inventories, production or conversion costs, and other costs incurred in bringing them to their existing location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and estimated costs necessary to make the sale.

(g) Impairment

The carrying amounts of the Group’s non-financial assets and inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset’s recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or cash-generating unit (CGU) exceeds its recoverable amount.

(h) Employee benefits

(i) Short-term employee benefits
Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months after the end of the year in which the employees render the related service are measured at the amounts expected to be paid when the liabilities are settled. All short-term employee benefit obligations are presented as Trade and other payables.

(ii) Termination benefits
Termination benefits are payable when employment is terminated before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits when it is demonstrably committed to either terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal or to providing termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits falling due more than 12 months after the end of the reporting year are discounted to present value.

(iii) Retirement benefit obligations
Contributions payable by the Group to an employee superannuation fund are recognised in the statement of financial position as a liability, after deducting any contributions already paid and in the income statement as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payment is available.
Note 3: Significant accounting policies (continued)

(k) Leases

(i) Leased assets
Assets held by the Group under leases which transfer to the Group substantially all the risks and rewards of ownership are classified as finance leases. Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases (Note 22).

(ii) Lease payments
Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease.

(l) Income tax
No income tax expense or benefit for the year has been recorded (Note 5).

(m) Finance income and finance costs
Finance income comprises interest income on funds invested. Interest income is recognised as it accrues in profit or loss, using the effective interest method. Finance costs comprise bank fees and interest on loans and short-term funding.

(n) Going Concern
The Group will always be reliant on the support for its events from investors, sponsors, members and community. The directors believe that through tight budgetary controls and effective cash management, the Group will continue to operate and provide services to its members, non-members and the community as a whole.

(o) Changes in accounting policies, new and amended standards and interpretations
Management and the directors are evaluating the financial impact and effect of the introduction of IFRS 15 and 16 on the entity for the year ended 30 June 2020 and future years. For the year ended 30 June 2018, there is no financial impact and effect.

(p) Goods and services tax (GST)
Revenues, expenses and assets are recognised net of the amount of GST except where:
- the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).
- receivables and payables are stated inclusive of the amount of GST receivable from, or payable.
The net amount of GST recoverable from or payable to the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the Australian Taxation Office is classified as part of operating cash flows.

Note 4: Financial risk management
The Group's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group’s overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group.

The Group does not use derivative financial instruments because the Group does not have direct interest rate risk, borrowings and direct currency exposures for overseas artists are minimal and limited in terms of timing and as such, they are not hedged and they are converted to foreign currency at the date of payment of the fees.

Note 5: Income tax
The Group has sought and received independent advice confirming that the Group is income tax exempt for the periods ended 30 June 2003, 2004 and 2005, and continued to self-assess for the years ended 30 June 2006, 30 June 2007, for the nine months ended 31 March 2008, and the periods ended 31 March 2009, 31 March 2010, 31 March 2011. The Company was registered as a charity with the Australian Taxation Office with effect from 3 December 2012 and was tax exempt from the same date.

Note 6: Critical accounting estimates and judgments
Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the group and that are believed to be reasonable under the circumstances.

The Group does not believe that any significant judgments, estimates and assumptions have been made in applying accounting policies that will impact upon amounts recognised in the consolidated financial statements.

(c) Public fund
As at the end of the year, an amount of $100,238 ($2017: $94,578) is held as part of the MGA public fund and is not available for use as general working capital. ### Note 1: Statement of Significant Accounting Policies

#### Corporate information

The financial statements of Mardi Gras Arts Ltd (‘MGA’) for the year ended 30 June 2018 were authorised for issue in accordance with a resolution of the directors on 21 August 2018. MGA is a company limited by guarantee incorporated and domiciled in Australia. The Company’s principal place of business and contact details are:

- **Address:** Suite 6, 94 Oxford Street, Darlinghurst NSW 2010
- **Telephone:** 02 9383 0900
- **Email:** reception@mardigrasarts.org.au
- **Web address:** www.mardigras.org.au

#### b) Basis of preparation

The financial report is a general-purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standards – Reduced Disclosure Requirements as issued by the Australian Accounting Standards Board (AASB) and requirements of the Australian Charities and Not-for-Profits Commission Regulation 2013.

The financial statements have been prepared under the historical cost basis. Items included in the financial statements of MGA are measured in Australian dollars. The financial statements provide comparative information in respect of the previous year.

MGA is a not-for-profits private sector entity. Therefore, MGA has elected to present Tier 2 General Purpose Financial Statements which have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements (including interpretations) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001.

The preparation of financial statements required the use of certain critical accounting estimates. This requires management to exercise judgement in the process of applying the Company’s accounting policies. The areas involving high degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note (j).

#### b) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand that is readily convertible to known amounts of cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash includes cash on hand and term deposits with banks or financial institutions, investments in money market instruments maturing with less than three months and net of bank overdrafts.

#### c) Revenue recognition

Revenue is recognised when delivery has been performed, the amount of revenue can be measured reliably and it is probable that it will be received by the economic entity. Interest revenue earned on bank accounts is recognised upon receipt.
c) Revenue recognition (continued)

(i) Donations
Revenue from donations is recognised when the Company receives donations or where the Company has an unconditional commitment from the donor.

(ii) Management fees
Management fees are recognised when it is probable that the economic benefits will flow to the Company.

(iii) Other revenue
Other revenue is recognised when the right to receive the revenue has been established.

(d) Goods and services tax (GST)
Revenues, expenses and assets are recognised net of the amount of GST except where:
- the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).
- receivables, payables are stated inclusive of amount of GST receivable from, or payable.

The net amount of GST recoverable from or payable to the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the Australian Taxation Office is classified as part of operating cash flows.

(e) Trade and other receivables
Trade receivables, which generally have a 30-day term, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less allowance for any uncollectible amounts. Collectability of trade receivables is reviewed continually. Debts that are known to be uncollectible are written off when identified. An allowance for provision for impairment of trade receivables is used when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables. The amount of the impairment loss is recognised in the income statement within other expenses.

(f) Trade and other payables
Trade payables and other payables are carried at cost. They represent liabilities for goods and services provided to the Company prior to the end of the year that are unpaid and arise when the company becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 to 60 days of recognition.

(g) Members funds
This is a public company limited by guarantee pursuant to the constitution of the Company, members funds are $nil.

(h) Income tax
No income tax expense or benefit for the year has been recorded as the Company is tax exempt.
Note 1: Statement of Significant Accounting Policies (continued)

(m) Employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months after the end of the year in which the employees render the related service are measured at the amounts expected to be paid when the liabilities are settled. All short-term employee benefit obligations are presented as trade and other payables.

Contributions payable by the Company to an employee superannuation fund are recognised in the statement of financial position as a liability, after deducting any contributions already paid and in the income statement as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payment is available.

(n) Going concern

The accounts have been prepared on a going concern basis. MGA has received an undertaking from the immediate parent entity, Sydney Gay and Lesbian Mardi Gras Ltd that the immediate parent entity will support MGA to meet its debts as and when they fall due for a minimum period of twelve months from the date of signing of the 2018 financial reports for MGA.

Dated this 21st day of August 2018
Independent Auditor's Report to the Members of Mardi Gras Arts Limited

Opinion

We have audited the financial report of Mardi Gras Arts Limited (the Company), which comprises the statement of financial position as at 30 June 2018, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the Australian Charities and Not-for-Profits Commission Act 2012, including:

a) giving a true and fair view of the Company's financial position as at 30 June 2018 and of its financial performance for the year ended on that date; and

b) complying with Australian Accounting Standards - Reduced Disclosure Requirements and the Australian Charities and Not-for-Profits Commission Regulation 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor’s Report Thereon

The directors are responsible for the other information. The other information obtained at the date of this auditor’s report is the directors’ report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the Australian Charities and Not-for-Profits Commission Act 2012 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor’s Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
